EXPERIENCE

DefineX | Senior Frontend Engineer | Aug 2023 - Present

Client assignment: Garanti BBVA Technology

- Co-designed structured business logging for use by microservices across Garanti BBVA Technology, so a business process can be traced end to end.
- Built the frontend search and trace screens for related business events and query logs, and managed frontend delivery for the logging system.
- Led frontend development for three internal credit-application systems used by banking operations teams.
- Created reusable UI components and coding conventions for React and Lit applications, and reviewed frontend changes.

TokenSuite | Full-Stack Engineer | May 2022 - Aug 2023

- Created reusable frontend project templates and co-developed a voting system with Next.js.
- Built a CAPTCHA puzzle with a reusable frontend package.

Macaron Inc. | Full-Stack Engineer | Nov 2021 - May 2022

- Built backend services for Flutter and React applications and optimized SQL queries.

Fill-Labs | Full-Stack Engineer | Oct 2018 - Nov 2021

- Built web applications, added automated frontend and backend tests, and improved accessibility with designers.

PROJECTS

Sablebook | Pilot | 2026 - Present

sablebook.com

- Built a salon booking and operations app that takes requests through WhatsApp and gives staff a view of conversations, calendars, and payments.
- Implemented availability, booking, and payment logic in NestJS and PostgreSQL; AI helps interpret customer messages, while application code controls booking and payment changes.

73Kit Radio CPS | Beta | 2026 - Present

73kit.erkan.dev

- Built a browser app for programming a TYT UVL-15W radio with Web Serial; users can back up data and review changes before writing.
- Added checks for radio identity, firmware compatibility, and a recovery backup before writes.

SKILLS

Frontend: TypeScript, JavaScript, React, Next.js, Lit, HTML, CSS

Backend and data: Node.js, NestJS, PostgreSQL, Redis, REST, GraphQL, gRPC

Testing: Vitest, Playwright

EDUCATION

BS, Computer Engineering | Sivas Cumhuriyet University | 2020
